Do you think you need to upgrade your smartphone every year? If this is the case, check out this post, which just might get you to change your mind.

How To Increase Flashlight Brightness In Android In 30 Seconds

<https://joyofandroid.com/how-to-increase-flashlight-brightness-in-android/>

I did not know this was even possible until I read this post. Now my Galaxy s21 flashlight is much brighter. (Note: Other android phones may not allow you to change flashlight settings. For those phones, you might need a flashlight app to get a brighter flashlight.)

Always Cary An HDMI Cord When You Travel

<https://www.thestreamingadvisor.com/always-cary-an-hdmi-cord-when-you-travel/>

We are in the midst of the summer travel season so this is a timely article. I know from experience that it is not always an option to screencast while traveling. This post gives a solution to that problem.

Guard Your Digital Rolodex
