

A red, leather-textured case, likely for a tablet or smartphone, is shown. It features a circular cutout in the center, through which a pair of black and silver over-ear headphones is visible. To the right of the cutout, a gold-colored 64GB USB drive is placed. The text "Travelling Entertainment Kit" is written in a stylized, cursive font across the middle of the image.

Travelling Entertainment Kit

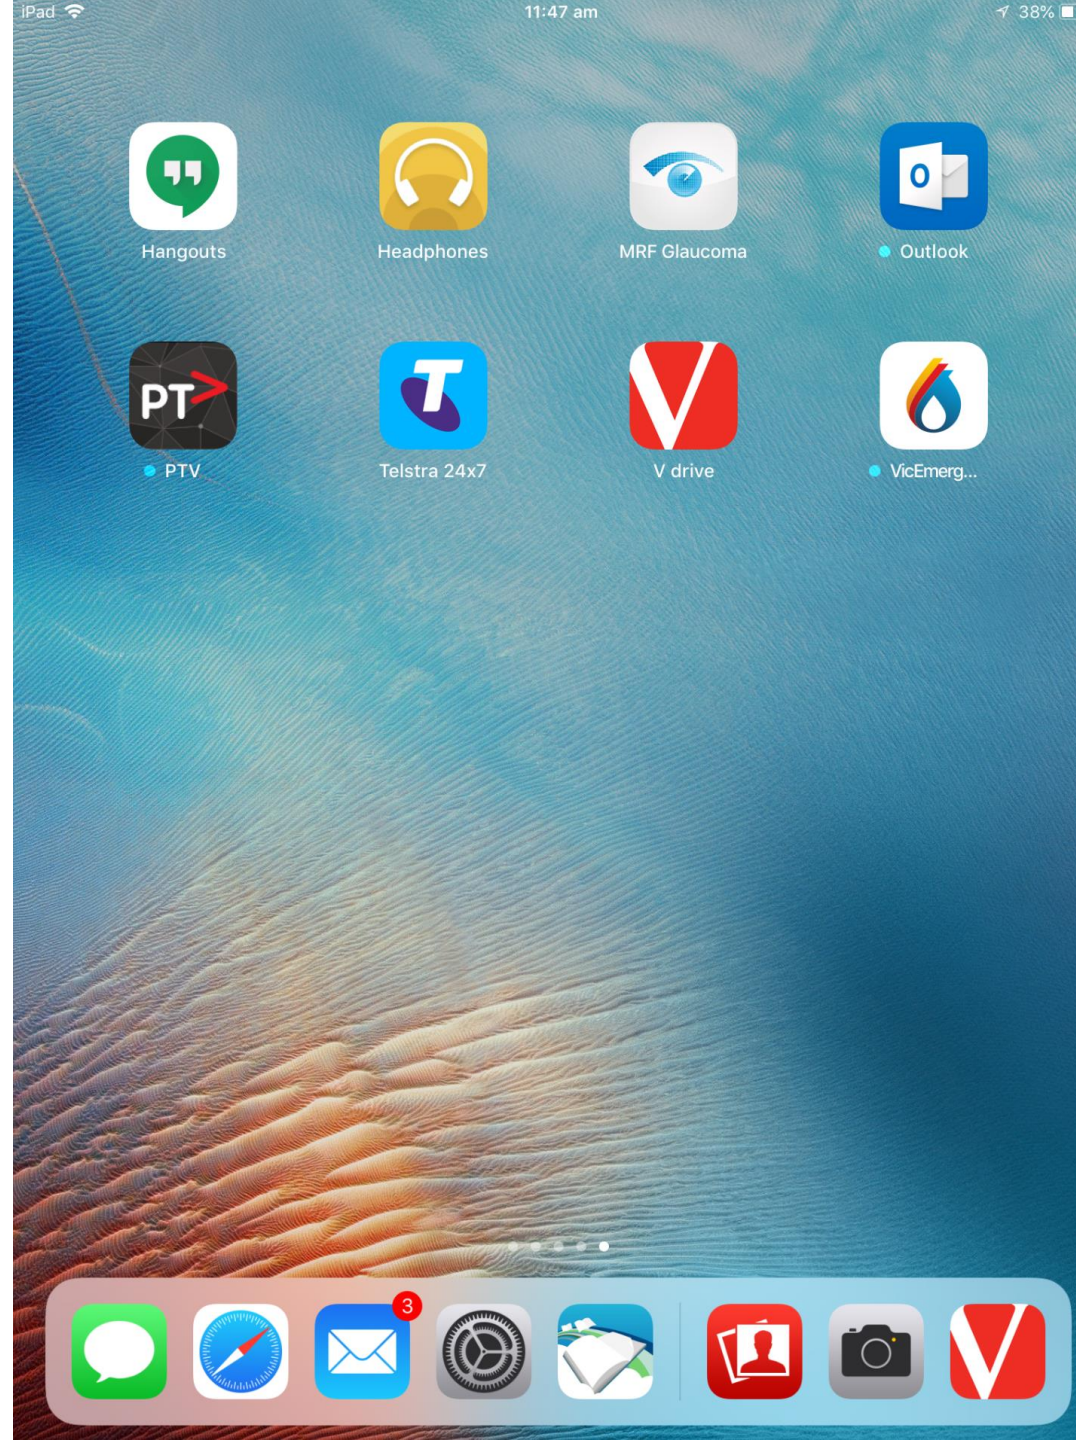

Requirements

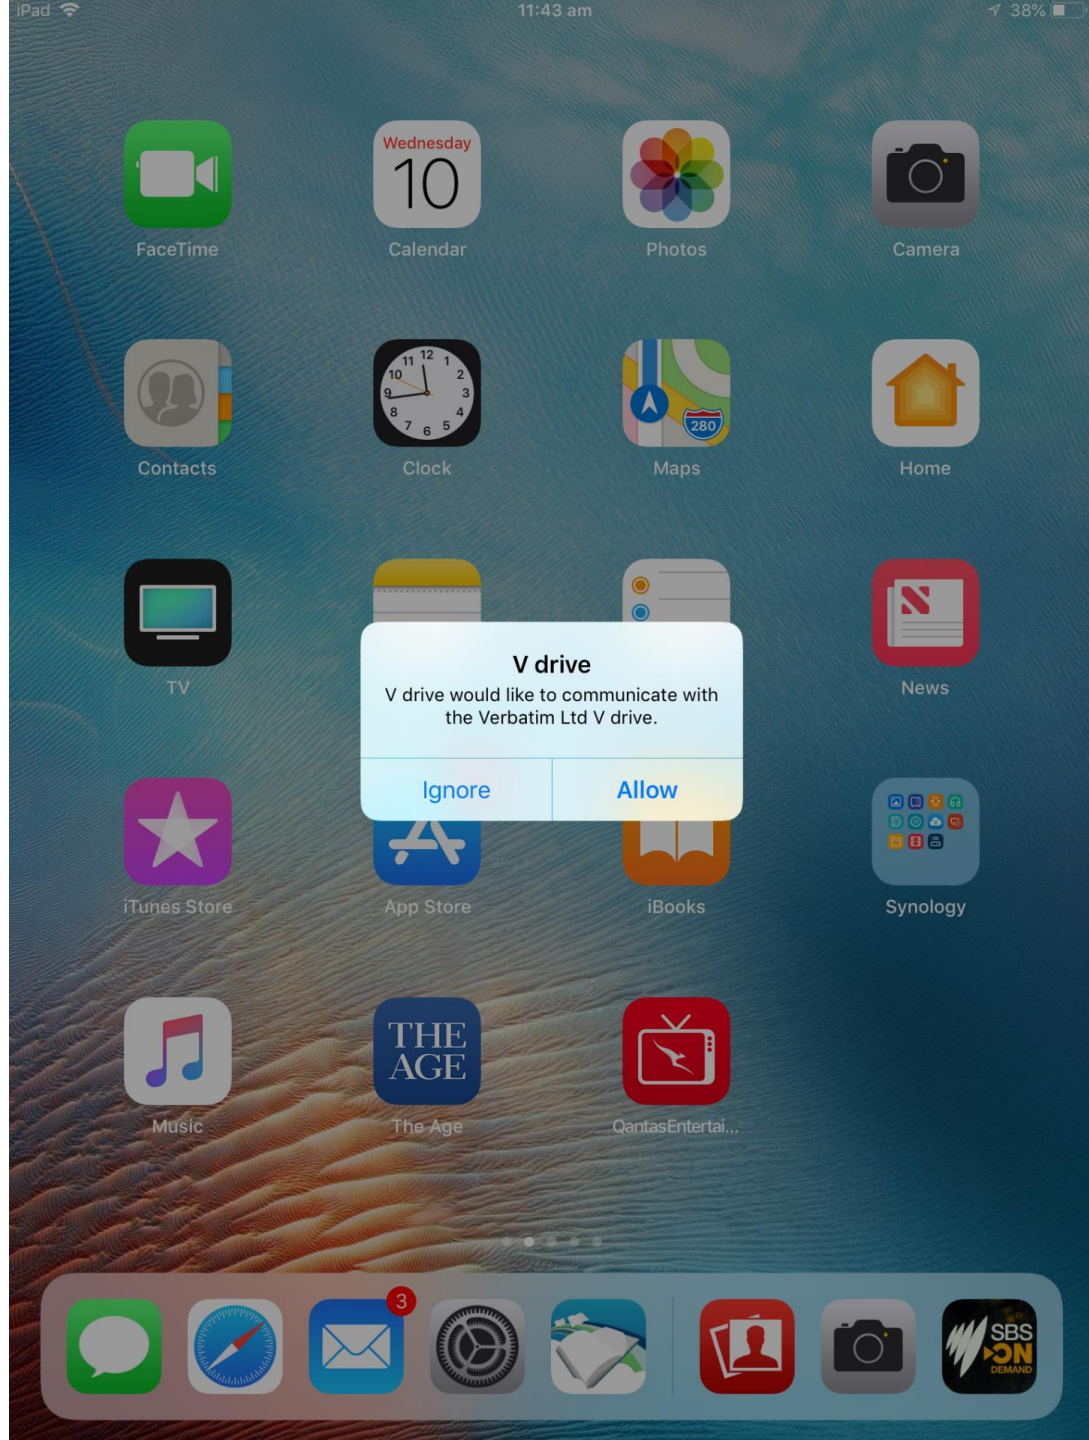

- ✓ Small – portable
- ✓ Run from internal batteries – Long life
- ✓ Hi Quality: Video and Audio
- ✓ Flexible: Easily add material
- ✓ Private Viewing

Memory Stick to work on
both PC & Apple I-Pad

Vdrive installed
from Apple Store
