

John Swale Statement 2018

I am a founding member of Melb PC. During my long membership I received a great deal of assistance from other members. In the spirit of "Members Helping Members" I continue providing assistance to others and to the group. In 1999 I was made an Honorary Life Member. For over 10 years I served on the committee, mostly as Secretary, when we developed financial and administrative procedures and Committee portfolios which ensured that Melb PC ran efficiently and effectively. These were allowed to lapse, and I want to continue reinstating them, so we run again as a professional organisation.

I run the Widows Plus group, I'm actively involved in seven other groups and I am supporting the formation of new groups under The Melbourne Computer Club banner.

We have a new membership system and a new website and I am assisting in their implementation.

With my experience and knowledge, I am nominating again for Secretary to continue with this work.
