Special General Meeting Agenda

1. Apologies.
2. Motion: To consider, and if thought appropriate, pass the following resolution:-
"That the Kelvin Cording be made an Honorary Life Member for his contribution to the Melbourne PC User Group Inc."

This motion has been put forward by the Honorary Life Member Sub-committee - Dave Botherway, George Skarbek and Bill Ford, all Honorary Life Members.

Citation.

Kelvin Cording joined Melbourne PC User Group Inc. in April 1994 after many years with Telstra and at that time as a lecturer at Swinburne College.

He quickly became involved with our SIGs – working with Noel Peters to setup the Ripper Hardware SIG in June 1997. In 2010 he jointly established the Multi-Media Home Entertainment SIG – and then in 2011 he jointly setup the North East Android SIG. He has continued his SIG leadership roles in all three groups, being both a leader / presenter and establishing web pages for them.

With the recent upgrading of the Melb PC web pages, he has been a key contributor and continues in that role. He has also assisted many members on a 1-on-1 basis, resolving their PC problems.

His dedication and constant work leading these SIGs for many years has seen these SIGs maintained and continuing to retain and attract new Members. He is thus a very worthy nomination for a Melb PC Honorary Life Membership.
